

viarium

VIARIUM is a platform of virtual and augmented reality for the sale of goods and services. Sell your products and go shopping in malls and showrooms in the world of VIARIUM. Earn an income and share new opportunities with friends, family and the whole world!

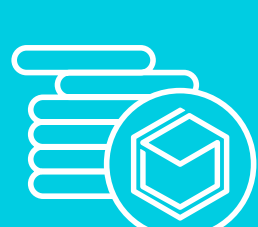

We offer a reliable system based on blockchain technology, which, in the near future, will replace the traditional communication channels between businesses and their customers. Any business and entertainment opportunities are available in VIARIUM. Our worlds and your opportunities grow without any limits! Visit Viarium.io – invest in a reliable blockchain-based system.

Advantages of real business in virtual reality

- **Single infrastructure for business and entertainment**
- **Reliability due to the stability of a decentralized system**
- **Availability - the world of VR is open for everybody**
- **Guaranteed business security through blockchain technology**
- **A unique opportunity to create your own worlds and earn an income**
- **A project that is already working in beta-version with commercial clients**

VR Market is constantly growing: According to IDC, the world's supply of headsets increased by 25.5 percent (annual) in the second quarter and reached 2.1 million units. The forecast for 2018 is the following - 171 million active users of VR-equipment in the world. The turnover in the VR industry in 2025 is projected at \$80 billion..

VM token characteristics

Emissions – 1 bln. vm
VM = 0,06\$
VM – utility token

Amount of minimum cap:
2 000 000 \$
Amount of maximum cap:
20 000 000 \$

How to make profit with the help of VIARIUM platform?

Buy tokens, universal currency in the VIARIUM platform

VM tokens are traded on the stock exchange. Until February 1, 2018 – Closed sale, pre-sale for all that are plugged in already and only then – open sale for all newcomers.

Buy tokens and use them to purchase "land units" in VR

The minimum lot of land (100 m2) at auction-no less than 250 000 VRA-tokens. "Land unit" areas VR allow to place on them virtual representations of real businesses - from shopping centers for renting to shops, showrooms and casinos - or to create their own VR-solutions, which in their turn give the opportunity to earn.

Bonuses for the first owners of Viarium:

- **Closed sale bonus 35%**
- **Pre-sale bonus 30%**

Don't miss your chance to buy tokens of the future

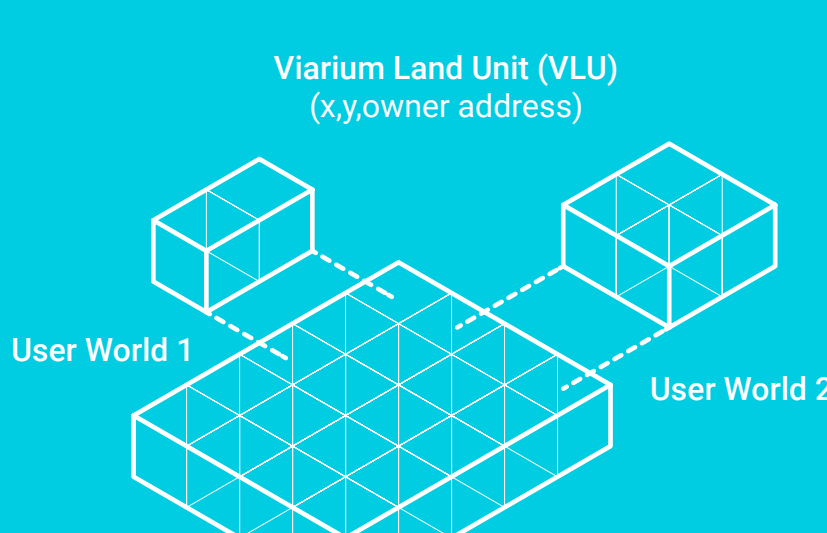

! The emission of the token is strictly limited, and the potential growth of the virtual world and its new lands is limitless, it will ensure the growth of the project, and as a result, the benefit of token holders.

Token distribution

Land units

The world that is available for use immediately after launching the platform is called Genesis Land and is supported by the core development team. Users can create their own worlds using their power and obeying general rules.
